Coborn's, Inc. invests in Little Falls location through major remodeling project

ST. CLOUD, MINN – A major remodeling project is underway at Coborn's in Little Falls, MN as Coborn's, Inc. looks to further invest in this important location for guests living in and around the community.

Over the next few months during this remodeling project, Coborn's will be making several cosmetic changes to the store, including:

- New paint and flooring
- Integrating Ace Hardware and the grocery sections
- Doubling the size of the floral area
- Updating the deli and bakery departments
- Liquor store remodel – updating both interior and exterior to bring a fresh shopping experience to guests.

In addition to these cosmetic changes, Coborn's has, and will, be introducing a variety of new products and services to its Little Falls location. Some of these services include:

- Sushi bar in the deli
- Smoked meats in the meat department
- Expanded fresh options
- Click & Collect pickup service: allows guests to order groceries online and pick up their order at the store

Coborn's is also excited to announce it is adding a Caribou Coffee in-store to further cement this grocery store as a destination in the community. This new addition will allow guests the opportunity to enjoy a warm or cool beverage while shopping, or in the comfort of a cozy coffee shop environment. Caribou Coffee is expected to open in mid-December.

A tradition of community involvement

Coborn's is actively involved in the communities where it does business. It has been especially proud to be part of the fabric of Little Falls since first opening its doors 40 years ago in 1977.

"This store has a long history of being a good neighbor in this wonderful community," said Store Director Greg Zylka. "Our team is excited about these changes and even more excited about the investment Coborn's, Inc. is making to further bolden its presence in Little Falls."

"Our mission calls on us to empower our employee owners to create unique shopping experiences, anticipate needs and exceed expectations for our guests," said Kevin Hurd, Communication & Engagement Specialist. "These changes will allow our team the opportunity to do that even better and will continue to create that unique, local shopping experience in Little Falls."

More updates regarding the remodel will be communicated as the project progresses.
